Guangzhou Junqian Nonwoven Co., Ltd., with its own sales and marketing company - **Foshan Guide Textile Co., Ltd.**, has been a leader in the promotion of environmental protection and sustainability.

Our factory located in Guangzhou, covering an area of 58500 square meters, and not just specialized in the production of non-woven and non-woven spiral material after processing products, but also providing non-woven advice and agency services.

We supply several advanced non-woven production lines with a width range of 1.8 meters, 1.9 meters,

2.1 meters, 2.5 meters, 3.2 meters and 6 meters, output in various colors and wide range of specifications.

Our rigorous management system and team of professionals guarantee the premium quality of the products.
We monitor the entire production process from the acquisition of raw materials to the delivery of the finished product; and guarantee the achievement of the highest standard.

The non-woven fabrics of our family are all standard European fabrics.
No taste, bright colors, uniform fabric. Economic non-fabrics are not comparable.
The child can also play safely, while the outside market sells taste and non-problematic fabric fabrics that should not be purchased and are harmful to newborns or children.
