05 PVA

www.nonwovenproductsulipper.com

www.guidenonwoven.com

A close-up photograph showing the layered construction of a nonwoven fabric. The top layer is a light beige, fibrous material. Below it is a darker, greyish-brown layer with a more textured, porous appearance. The bottom-most layer is a black fabric with a distinct diamond-shaped mesh pattern. The layers are curved, suggesting they are part of a shoe or slipper.
