A close-up photograph of a blue nonwoven fabric with a repeating diamond-shaped pattern. Several clear water droplets of varying sizes are scattered across the surface, demonstrating the material's hydrophobic properties. The droplets are mostly spherical and do not spread out. Two white text overlays are present: one in the upper middle and one in the lower middle.

The background of the page is a close-up photograph of a blue, textured fabric, likely a nonwoven material, with a repeating pattern of small, raised, diamond-shaped or hexagonal shapes. The fabric is folded, creating a diagonal crease that runs from the top left towards the bottom right. The lighting is even, highlighting the texture of the material.
