A close-up photograph showing two layers of nonwoven fabric. The top layer is a lighter, smoother material with a scalloped edge. The bottom layer is a darker, more fibrous and porous material. The two layers are partially overlapping, with the scalloped edge of the top layer resting on the fibrous layer.

A close-up photograph showing several layers of nonwoven fabric. The top layer is a smooth, light-colored material. Below it, there are several layers of a more fibrous, textured material, possibly a filter or a reinforcement layer. The layers are slightly offset, creating a stepped effect. The background is a dark, textured surface.
